

The _____ School District is making application to the NEOMIN Governing Board requesting that the following user be granted VPN access to the NEOMIN Network.

Applicant Name: _____

Date: _____

Applicant Email: _____

PURPOSE OF REQUEST:

Please list all business reasons or narrative related to the request for remote access into the NEOMIN Network:

DEFINE ACCESS

District staff generally have access to all resources however, we can restrict access especially in the case of a vendor account. What are the subnets and or services that will be accessed?
(ex. HS Network:10.10.10.0/24 or HS Server 10.10.10.10 TCP443)

YES

IS THIS ACCOUNT FOR A THIRD PARTY? IE. Vendor/Contractor/Non-district Employee

**NEOMIN is required to gather this information so that districts can appropriately notify students and parents. This checkbox is used to help create our yearly notification as required by both policy and law.

YES

I ACKNOWLEDGE USAGE MUST COMPLY WITH ALL DISTRICT AND NEOMIN POLICIES

By submitting this application, our District is stating that we have read and agree to the NEOMIN Network Security Policy, we understand the network security risks that this exposure generates to the District and entire NEOMIN consortium. The District and any third party are responsible for guarding the security and confidentiality of any data. If needed, the District is responsible for any communication to students and/or parents notifying them that access to this data has been authorized by the District or third-party. Legal counsel is recommended if there is uncertainty whether notification to students and/or parents is required.

NEOMIN provides the management system and data access only. NEOMIN is not responsible for the data or guarantee the accuracy of the data.

Signed,

District Superintendent
